This month's Central program is titled:

“Recommendations for Orthokeratology Success”

Synopsis: The level and rate of myopia is increasing in the world today, especially among children. There are many options to manage myopia, including orthokeratology. There are considerations to integrating orthokeratology into a practice. Key learnings regarding clinical and practical knowledge for orthokeratology success will be shared to apply to your practice and patients in your office. **2 hours D/T CE**

Presented by:

Leah Johnson, OD, FAAO

Dr. Johnson is currently the Director of Clinical Services at Paragon Vision Sciences. Prior to joining Paragon, Dr. Johnson was in private practice at Vision Optique in Houston. She is a graduate of the University of Houston College of Optometry, where she also completed her post-doctorate work in cornea and contact lenses. Dr. Johnson's published work includes research in specialty contact lenses.
